## **Information on the coronavirus measures**

Battenfeld-cincinnati is closely monitoring the current public health challenge linked to Coronavirus (COVID-19). We are following advice and protocol from the World Health Organization (WHO) along with local health service executives in each of our locations.

As a supplier to you and your business, we continue to closely monitor the impacts of COVID-19 and we strive to ensure the health and safety of our employees so that they are better able to serve you.

Our teams are applying the recommended health and hygiene practices and we have applied all travel restrictions to ensure the health and safety of our employees.

We will not allow anyone who has contracted the novel coronavirus or has symptoms of the virus (such as fever, dry cough or shortness of breath) to enter our facilities. In addition, we will not allow anyone who has visited a restricted area to enter our facilities unless they have been outside of the relevant areas for fourteen days and show no symptoms.

We do not see any risk to supply currently. We are working collaboratively with our facilities and vendors around the globe to ensure our customers continue to receive the high level of service they expect from us. However, we are monitoring this dynamic situation closely on an ongoing basis.

As the Coronavirus continues to spread, our thoughts go out to anyone who has been infected or impacted. We wish that you, your family, friends and colleagues are safe and well, and are taking the necessary precautions to keep it that way.

**Sustainable  
Solutions  
Worldwide.**
